

WEBINAR

HIT THE GROUND RUNNING: INITIAL CLAIM HANDLING AND THE POSTED PANEL OF PHYSICIANS

THURSDAY • MARCH 13 • 2025

1-2 P.M. EASTERN

Initial claim handling and the employer's posted panel of physicians can be of significant help in a workers' compensation claim. Both allow for opportunities to mitigate the exposure posed by such claims. Initial claim handling allows for a timely investigation of the circumstances surrounding an accident, including the mechanism of injury and potential witnesses. As well, a valid posted panel, when employees are aware of the panel and its function, helps contain medical costs for the employer and insurance carrier, and provides claimants with several accessible medical providers. This webinar will help equip you with best practices for initial claim handling, as well as provide a detailed overview of the requirements to ensure an employer's panel and panel procedures are in accordance with the Georgia Board rules and statutes.
